

### **chapter 53 population ecology pdf**

Definition. Restoration ecology is the academic study of the process, whereas ecological restoration is the actual project or process by restoration practitioners.

### **Restoration ecology - Wikipedia**

The dugong (/ ˈ dʒ uː ŋ /; Dugong dugon) is a medium-sized marine mammal. It is one of four living species of the order Sirenia, which also includes three species of manatees. It is the only living representative of the once-diverse family Dugongidae; its closest modern relative, Steller's sea cow (*Hydrodamalis gigas*), was hunted to extinction in the 18th century.
