Since ancient times the world has had its list of (usually seven) wonders. In antiquity, the Great Pyramid of Giza (the only wonder from the original list still standing), the statue of Zeus at Olympia, the Colossus of Rhodes (a new, gigantic, version of which is being built today), and others were among the occupants of the list. Over time, the world's wonders changed depending on the ...

Social justice is a concept of fair and just relations between the individual and society. This is measured by the explicit and tacit terms for the distribution of wealth, opportunities for personal activity, and social privileges. In Western as well as in older Asian cultures, the concept of social justice has often referred to the process of ensuring that individuals fulfill their societal ...

Corporatism is a political ideology which advocates the organization of society by corporate groups, such as

agricultural, labour, military, scientific, or guild associations on the basis of their common interests. The idea is that when each group performs its designated function, society will function harmoniously – like a human body (corpus) from which its name derives.
