The gender pay gap or gender wage gap is the average difference between the remuneration for men and women who are working. Women are generally paid less than men. There are two distinct numbers regarding the pay gap: unadjusted versus adjusted pay gap. The latter takes into account differences in hours worked, occupations chosen, education and job experience.

Gender role is the idea that people should behave in certain ways because of their gender. As an example, in a hunter-gatherer economy, men usually do more hunting and women do more gathering. In a money economy, it was traditionally the role of the man to earn money, and the role of the woman to educate the children.
