Financial modeling is the task of building an abstract representation (a model) of a real world financial situation. This is a mathematical model designed to represent (a simplified version of) the performance of a financial asset or portfolio of a business, project, or any other investment.. Typically, then, financial modeling is understood to mean an exercise in either asset pricing or ...

Sam Harris, one of the so-called New Atheists, has been making waves recently with his new book *Waking Up: A Guide to Spirituality Without Religion*. In it Harris talks openly about his meditation practice and spiritual experience—something he has done before but doesn't seem to have gained as much interest or notice as it has now.
