

process dynamics and control pdf

Automatic process control in continuous production processes is a combination of control engineering and chemical engineering disciplines that uses industrial control systems to achieve a production level of consistency, economy and safety which could not be achieved purely by human manual control. It is implemented widely in industries such as oil refining, pulp and paper manufacturing ...

In one of my projects I use Excel a lot for reporting. I create the Excel documents with OpenXML and with the help of the Excel Buffer table. With the click of a button the user creates a beautiful Excel Workbook but when I open the workbook it is displayed in the back of Dynamics NAV client window.
