Kenshō (けんしょう) is a Japanese term from the Zen tradition. Ken means "seeing," shō means "nature, essence". It is usually translated as "seeing one's (true) nature," that is, the Buddha-nature.. Kenshō is an initial insight or awakening, not full Buddhahood. It is to be followed by further training to deepen this insight, and learn to express it in daily life.

All forms of ineffective treatment, "alternative" or otherwise, pose real dilemmas that are usually neglected. I use here the term "alternative medicine", rather than CAM (complementary and alternative medicine), because things that don't work are not medicine at all and can't be "complementary" to anything.
