From Strategy to Business Models and to Tactics* Ramon Casadesus-Masanell & Joan Enric Ricart
November 2009 Abstract The notion of business model has been used by strategy scholars to refer to the logic

From Strategy to Business Models and to Tactics

Logic Models are a popular tool that can be used to help conceptualize your change effort. It does this by inviting the author(s) to articulate their understanding of the current situation, the changes they hope to bring about through their program effort, with and/or for whom, the activities planned to contribute toward this change, the resources needed to put into the effort, assumptions they ...

Logic Models – Program Development and Evaluation

Strategy (from Greek *stratēgia*, "art of troop leader; office of general, command, generalship") is a high-level plan to achieve one or more goals under conditions of uncertainty. In the sense of the "art of the general", which included several subsets of skills including "tactics", siegecraft, logistics etc., the term came into use in the 6th century AD in East Roman ...

Grand strategy or high strategy comprises the "purposeful employment of all instruments of power available to a security community". Issues of grand strategy typically include the choice of primary versus secondary theaters in war, distribution of resources among the various services, the general types of armaments manufacturing to favor, and which international alliances best suit national goals.
