Self-organized criticality has a certain intuitive appeal. But a good scientific theory must be more than elegant and beautiful. Bakâ€™s notion has had its share of critics, in part because his approach strikes many as ridiculously broad: He saw nothing strange about leaping across disciplinary boundaries and using self-organized criticality to link the dynamics of forest fires, measles and ...

Societal attitudes toward homosexuality vary greatly in different cultures and different historical periods, as do attitudes toward sexual desire, activity and relationships in general. All cultures have their own values regarding appropriate and inappropriate sexuality; some sanction same-sex love and sexuality, while others may disapprove of such activities in part.
