11. Globalization and the 21st-century US peace movement T.V. Reed I INTRODUCTION The peace movement in the United States in the 21st century is a complicated, multifaceted phenomenon, both because it is heir to many layers of historical precedent, and because in its current form it is embedded in a larger, global movement structure.

### **Globalization and the 21st Century US Peace Movement**

Peace activist histories in the 20th century tended to emphasize organizational or biographical approaches that sometimes carried hagiographic overtones. More recently, historians have applied the methods of cultural history, examining the role of religion, gender, and race in structuring peace activism.
