agenda might be is currently the subject of much heated debate among the UFO community. However, one thing that most can agree on, is that understanding the alien agenda is of paramount importance to us all. Because: why aliens are here; and what they have planned for us, are probably the biggest questions facing Mankind.

The Alien Agenda for Planet Earth - CognizantNationHQ

It's basically an autobiography of an alien abductee. It, at no point, nears plausibility or rational thought. The amazing thing about it, though, is that this person believes this to be a transcript of actual events and (thank god I found this before someone else did) so did the person who owned it before me.
