Summary. FINRA seeks comment on proposed rule amendments that would revise the quantitative suitability obligation under FINRA Rule 2111 (Suitability) to more effectively address instances of excessive trading in customers' accounts. The proposed rule amendments would remove the element of control that currently must be proved to demonstrate a violation, but would not change the obligations ...

A light-emitting diode (LED) is a semiconductor light source that emits light when current flows through it. Electrons in the semiconductor recombine with electron holes, releasing energy in the form of photons. This effect is called electroluminescence. The color of the light (corresponding to the energy of the photons) is determined by the energy required for electrons to cross the band gap ...

The Bolsheviks had their own ten commandments and, like the church, they also mocked their opponents.

The totalitarianism of the church belongs to the past but if the church should ever regain its former power, its atrocities would probably be repeated.
