More and more builders are jumping into the parade of models offering pod drives. The 360 Express from Cruisers Yachts now offers them and they make a big difference around the docks.

Cruisers Yachts 380 Express | Overview,Specifications

An impeller is a rotating component of a centrifugal pump which transfers energy from the motor that drives the pump to the fluid being pumped by accelerating the fluid outwards from the center of rotation. The velocity achieved by the impeller transfers into pressure when the outward movement of the fluid is confined by the pump casing.
